Amendment:

Introduction:

The objectives of this proposal are simply and clear: we want to transform our European site in order to make it more accessible to a large range of users searching for activities, jobs or information about us.

First Article: (EMPLOYMENT)

- Increase practical exercises, activities and projects for early aged children (primary school programs); Increase the disponibility of youth projects implementing a network witch provides to aware our citizens showing all the projects they can join divided to:
 - o Competences needed.
 - o Age range.
 - o Aim (volunteer, linguistic skills improvement, artistic growth).
 - o Distance.

- List of sustainable industries and specific funds for the recruitment.

Second Article: (DISABLED PEOPLE)

- New funds for structures with out “Architectonical Barrels”;
- Improve the awareness of these projects in the whole euro zone with advertisements and similar initiatives.

Third Article: (YOUNG PEOPLE)

- Improve short range and long range mobility (interregional and international travel).
- Create a more accessible network that shows the disponibility of youth projects, accessible even for minors;
- Increase the use of open-source networks and systems like linux. They are free and they are the perfect example of an “open internet”. We also must fight piracy in all its shapes with lower prices and easier access to virtual stores.

Fourth Article: (Classes Equality)

- Introduce an European fund for unemployed European citizens. We want to guarantee a Minim income for all people without a job in order to improve their life quality.

Fifth Article: (Discrimination)

- Introduction of the Right of European Citizenship for all the people who born in Eurozone.
